

Directions to CMGH

From Kochkor (Bishkek – Issyk Kul)

As you approach Naryn, about 10km from Naryn you descend a long straight stretch of road ... there are some billboards, on both sides of the road) ... one is ours with our logo.

There is a fork in the road ... both roads lead to Naryn, but to different ends of the town ... take the left fork. In the middle of the triangular traffic island created at the fork there is a statue depicting two Snow Leopards facing each other with a small globe between them ... on the globe (in Russian) is the name of the city – Naryn.

Follow the road ... until you meet the outskirts of the city ... you will pass the Customs Depot and a hillside cemetery on the Left. On the right will be a stele with the name (in Russian) Naryn.

You pass through a cutting ... a flagpole high on the clifftop to the right ... on the left there is a petrol station ... a little further on some shops (kiosks)... and behind a low fence a park (an open area with trees). There is a road off to the left ... just after that a bus stop with another small shop and immediately afterwards a tuning (driveway) between two blocks of flats.

On a lamppost just after the driveway is a sign bearing our logo.

Take the driveway, driving slowly – it is narrow and bends slightly ... there is a children's playground on the right ... the big gates across the end of the driveway are our to guesthouse ... there is a bell push on the left hand post.

If you come to the bridge across the river ... you've gone too far – turn around and climb the hill again.
